2025 - i-CAT - Child Family and Community nursing clinical assessment tool

PebblePad

What is it?

PebblePad is a multi-function, multi-purpose software application. It can be used for many different activities.

In learning and teaching, it has been used for

- facilitating reflection
- developing and encouraging learning experience journals
- competency assessment and recording progress
- collecting evidence of learning/experiences
- midpoint and final assessment

View the ['How do I?'](#) page of this help site to learn how to take advantage of this powerful tool for learning.

Consider using the [PebblePocket](#) mobile application to enhance your use of PebblePad.

Please view the [PebblePad Learning Centre](#) for more.

Scale label	Professional standards and procedures	Quality of performance	Assistance required
Independent (I)	Safe Accurate Effective each time Appropriate behaviour and demeanour each time	Proficient Coordinated Occasional expenditure of excess energy Performs within an expedient time frame	Without supporting cues
Proficient (P)	Safe Accurate Effective each time Appropriate behaviour and demeanour each time	Efficient Coordinated Confident Some expenditure of excess energy Performs within a reasonable time frame	Occasional supportive cues
Assisted (A)	Safe Achieves the intended purpose most of the time Appropriate behaviour and demeanour most of time	Skilful in parts of behaviour Inefficient and uncoordinated Expend excess energy Performs within a delayed timeframe	Frequent verbal and occasional physical directive cues in addition to supportive cues
Supervised (S)	Safe, but not alone Performs at risk Lacks accuracy Occasionally Effective Behaviour and demeanour inappropriate at times	Unskilled Inefficient Considerable expenditure of excess energy Performs within a prolonged time period	Continuous verbal and frequent physical cues
Dependent (D)	Unsafe Unable to demonstrate behaviour	Unable to demonstrate procedure or behaviour Lacks confidence, coordination and efficiency	Continuous verbal and physical cues
